

Spiegelworld

Event Space

Project: Spiegelworld
Completion: April 2017

Location: Las Vegas, NV

Scope:

Spiegelworld's "Absinthe" show is a riotous blend of circus, burlesque and vaudeville that is remixed and reimagined for modern audiences. To help bring Las Vegas' award-winning show to life, Sightline Commercial Solutions supplied a circular stage made of custom SC90® platforms for the center of the intimate Spiegeltent. A specially made circular seating riser comprised of carefully shaped SC90 platforms, ramps, stair units and IBC guardrail was also created for the immersive live entertainment experience. With the strength and durability of Sightline Commercial Solutions' equipment beneath them, performers and guests can enjoy the show with the utmost confidence.

We elevate places where experiences happen by providing innovative engineering, fabrication, and installation solutions to the most complex challenges. Discover our unconventional approach.
