

# Drink Rails - Custom

## Custom Drink rail, Drink Tops, and Drink Shelves

Sightline Commercial Solutions' custom drink surfaces instantly elevate the fan experience at any stadium, arena or ballpark. From ADA-compliant sections to club decks and VIP lounges, our drink railing systems enable patrons to enjoy games, concerts, performances and other events comfortably and "hands-free" by providing convenient support for concessions, beverages and belongings.

Our selection of Drink Rails, Drink Tops and Drink Shelves are offered in a variety of surface materials, including solid metal, perforated metal and glass. Designed to seamlessly integrate into any Sightline Commercial Solutions' railing system, these custom components also can stand alone, be post supported or wall mounted to meet the needs of any project. Customized designs may be equipped with lighting and USB connections for added convenience and comfort.
